

Instructions

Step 1 - Safety

- Unload the weapon
- Physically and visually inspect the chamber, bore, and magazine well to ensure that all ammunition has been removed.
- Store ammunition in an area that is separate from your training area.

⚠ Always personally verify that all ammunition has been removed before training.

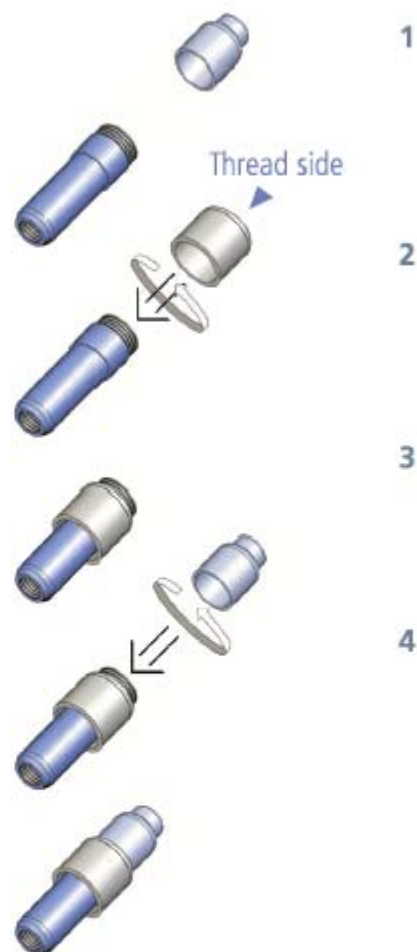

Do not allow any live ammunition in the training area.

WARNING: Failure to follow safety instructions may result in injury or death.

Step 2 - Installation

- 1 - Separate the back and front end of your laser cartridge.
- 2 - Place the adapter, with the threaded end up, on the end of the laser cartridge.
- 3 - Carefully engage the thread. Please note the threading on the adapter is to engage AFTER the adapter is placed on the laser cartridge.
Caution: Do not use force.
- 4 - Insert the battery back into the casing as described in the user guide and attach the cartridges back cap onto the exposed threading.
